

Swarfega®

PRODUCT GUIDE

Swarfega

Part of the SC Johnson Professional® family, Swarfega® brings over 70 years of recognised product excellence. The comprehensive range of skin care, degreasing, maintenance, surface cleaning and vehicle cleaning products, is tough enough for any task time and time again.

Born from the iconic green gel, the Swarfega® brand has been trusted for generations by the toughest trades and has grown to a range of over 40 specialist cleaning products.

In the workplace many potential causes of occupational skin disorders are readily found. Amongst these contaminants are oil, fuel, grease, abrasives, solvents, cleaning chemicals and refinishing paints, all of which could lead to skin irritation and occupational dermatitis if skin is not sufficiently protected.

Skin Care Systems

Using a 3 Step Swarfega® Skin Care System can help employees maintain their skin in good condition and help retain its protective function.

Step 1: PROTECT

Swarfega® Protect helps protect the skin against contact with potentially harmful contaminants and makes skins easier to clean. For use before each work period.

Step 1: PROTECT

Swarfega® Protect

Perfume-free, non-greasy pre-work skin cream to help protect against contact with water and non-water based contaminants. Can be used with nitrile and latex gloves.

Code	Description
SPRILC	1L Cartridge x 6
PRO1LDS	1L Dispenser x 1

Step 2: CLEANSE

Washing your hands regularly with any of the range of Swarfega® hand cleaners prevents the build-up of soiling and reduces contact time with contaminants.

Step 2: CLEANSE

Swarfega® Orange

Advanced formulation hand cleaner with corneal, for a deep-down cleaning action and with added moisturiser. Removes ingrained oil, grease and general grime.

Code	Description
SOR2LT	2L Cartridge x 4
SWA2000D	2L Dispenser x 1
SORC4LTR	4L Cartridge x 4
SWA4000D	4L Dispenser x 1

Swarfega® Heavy

Heavy duty hand cleaner containing natural scrubbers to remove deeply ingrained oil, grease and carbon, as well as some paints and adhesives. With added conditioners.

Code	Description
SHD4LTR	4L Cartridge x 4
SWA4000D	4L Dispenser x 1

Step 3: RESTORE

Swarfega® Restore helps keep the skin supple and healthy by replacing the skin's natural oils and restoring its moisture balance. Use at the end of each work period.

Step 3: RESTORE

Swarfega® Restore

A mild, perfume-free and dye-free after-work conditioning to help maintain healthy skin avoid dryness.

Code	Description
SREILC	1L Cartridge x 6
RES1LDS	1L Dispenser x 1

MOBILE SKIN SAFETY CRADLE

Compact dispenser unit to protect, cleanse and sanitise the skin, for vehicles and areas of limited space without access to water.

Starter pack includes the Skin Safety Cradle and a cartridge of each of protect cream, hand cleaner and hand sanitiser.

Swarfega® Red Box Wipes

Heavy duty hand cleaning wipes to remove oil and grease. For use in the workshop or at the workstation and also for use by mobile workers.

Code	Description
SRB150W	150 Wipes Pail

Swarfega® Black Box Wipes

Heavy duty hand cleaning wipes to remove paints, seam sealers and resins for use in the bodyshop or at the mobile workstation.

Code	Description
SBB150W	150 Wipes Pail

Swarfega® Heavy Duty Hand Wipes

Large, fast acting wipes. Ideal for cleaning your hands after general tasks. Will quickly and thoroughly clean dirt from hands. Convenient sized packs are ideal for workshops, easy to store and no water is required.

Code	Description
SWHD70W	70 Wipes Pail

Vehicle Cleaning

Regular vehicle cleaning helps to maintain appearance and removes damaging road grime, such as salts, which can affect the vehicles' surface. Use a Traffic Film Remover (TFR) to help protect the surface.

Swarfega® Formula

Multi-purpose TFR with wax effect finish, to remove medium to heavy soilings from general road grime. Use neat through pressure cleaning machinery. Can be pre-diluted 50:50 with water to make 50 litres of TFR. (Recommended final machine dilution rate = 0.5-2.0%)

Code	Description
PFO25L	25L Drum

Swarfega® Super

Heavy duty degreaser and TFR for use on all plant and commercial vehicles, as well as engines, chassis and components. For heavy soilings use neat through pressure cleaning machinery. Can be pre-diluted to make up to 200 litres of ready-to-use traffic film remover for general cleaning. (Recommended final machine dilution rate = 0.5-2.0%).

Code	Description
PSU25L	25L Drum

Swarfega® Powerwash Ultra-Concentrate

Highly concentrated TFR for use on all vehicles to remove light to medium soilings. 2.5 litres of concentrate dilutes with water to make 25 litres of ready to use traffic film remover. Use neat through pressure cleaning machinery. (Recommended final machine dilution rate = 0.5-2.0%)

Code	Description
PUC25L	2.5L Bottle

Degreasing & Maintenance

It is important to degrease and maintain regularly to: Improve efficiency and effectiveness of parts and components | Reduce ongoing maintenance and repair costs | Meet ongoing vehicle maintenance legislation requirements | Keep engines, machinery, components, equipment and plant working.

Swarfega® Jizer

Parts degreaser that will quickly dissolve heavy deposits of mineral oil, grease, tar, bitumen and waxes. Can be used for removing oil and grease marks from many floor surfaces, tar spots and oil from body work and cleaning paint brushes.

Code	Description
SJZ5L	5L Tin
SJZ25L	25L Drum

Swarfega® Duck Oil

A silicone-free, non-conductive, multi-purpose service spray. Exceptionally low surface tension means it can easily penetrate, lubricate and protect with no need to dismantle machinery and parts.

Code	Description
SDO500ML	500ml Aerosol
SDO5L	5L Tin
SDO25L	25L Drum

Swarfega® Jizer Bio

A powerful water-based degreasing formulation that removes heavy grease and oil from machines, components and floors. Can be used on a variety of surfaces.

Code	Description
JIB60K	5L Tin
JIB76R	25L Drum

Swarfega® Janitol® Original

Multi-purpose detergent for all general cleaning and degreasing applications.

Code	Description
JAN600	5L Bottle
JAN76V	25L Drum
